COMMISSIONER OF BANKS AND TRUST COMPANIES

WILLIAM J. BOYS
Deputy Commissioner

To The Honorable James R. Thompson, Governor,
The Honorable Members of the 83rd General Assembly
and the People of Illinois

I am pleased to present the Annual Report of 1983 for the Office of Commissioner of Banks and Trust Companies.

The Agency and Illinois banking experienced a busy and challenging year in 1983. Additional powers granted to banks, the increase in the number of banks organized into and acquired by bank holding companies, the further deregulation of the financial services industry, and the myriad of legislative changes at both the State and Federal levels increased the complexity of the responsibilities being met by Illinois bank regulation.

Assets of State chartered banks grew more than \$4.3 billion to \$51.6 billion. The number of foreign banking offices increased to 40 with assets of \$10.2 billion, and the number of institutions offering their customers trust services increased by 12. Electronic banking and financial services rapidly expanded with an estimated two million Illinois citizens now possessing electronic banking debit cards.

During 1984 the Agency anticipates two major accomplishments. First, with the approval of the General Assembly, is the establishment of word processing equipment in both our Springfield and Chicago offices. The equipment will greatly enhance the office efficiency of the Agency. Second, and more importantly, through improved operating procedures, some streamlined examination activity, and benefiting from the increased numbers of experienced field examination professionals, by the end of 1984 the Agency will be examining our State chartered banks at an annual rate.

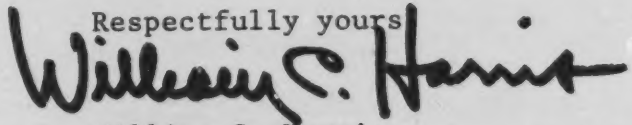

Following thorough examinations by State examiners and because of the specific bank operating problems disclosed in each case, three State banks were closed in 1983 in order to protect the depositors of those institutions. No depositor lost funds as a result of these decisions. In addition, in each instance, through the cooperative efforts of this Agency with Federal regulatory officials, the credit and depository needs of the bank customers within the affected communities continued to be met. These drastic experiences were somewhat reflective of the generally sluggish national economy. They do not reflect the overall character of the Illinois banking system. The banking system in Illinois is safe, sound and fully adequate to service the State's citizenry.

Continued support from your Administration and the General Assembly is essential to maintain and expand the safe and sound banking system in Illinois and to meet the State's growing needs for commercial banking and financial services.

The Office of Commissioner of Banks and Trust Companies is committed to exercising its power to assure that State supervised banking and trust services remain among the very best in the Nation.

Thank you.

Respectfully yours
